Holland Code – RIASEC

(Career Clusters matching each interest group)

- REALISTIC people are often good at mechanical or athletic jobs. They like to work with things, like machines, tools or plants, and they like to work with their hands. They are often practical and good at solving problems. **(Agriculture, Information Technology, Law & Public Safety)**
- INVESTIGATIVE people like to watch, learn, analyze and solve problems. They often like to work independently, tend to be good at math and science and enjoy analyzing data. **(Health Science, Information Technology, Science Technology Engineering & Math)**
- ARTISTIC people like to work in unstructured situations where they can use their creativity and come up with new ideas. They enjoy performing (theater or music) and visual arts. **(Arts & Communications, Education & Training)**
- SOCIAL people like to work directly with people rather than things. They enjoy training, instructing, counseling or curing others. They are often good public speakers with helpful, empathetic personalities. **(Government, Human Service, Law & Public Safety, Marketing & Sales)**
- ENTERPRISING people like to work with other people; they particularly enjoy influencing, persuading and performing. They like to lead and tend to be assertive and enthusiastic. **(Arts & Communications, Business & Management, Finance, Hospitality & Tourism, Government)**
- CONVENTIONAL people are very detail-oriented and like to work with data. They have good organizational and numerical abilities and are good at following instructions. Conventional people also like working in structured situations. **(Architecture & Construction, Finance, Manufacturing, Transportation)**
